# Savaria® K2 Stairlift

## K2 – STRAIGHT TO THE TOP

The Savaria K2 stairlift is one of the easiest ways to stay in your home and enjoy the freedom of barrier-free living. Installed on your stairs, in only a few hours, the stairlift carries you smoothly and quietly up a straight flight of stairs. The Savaria K2 stairlift is uniquely compact – with one of the slimmest fold-up dimensions on the market at only 275 mm wide – to allow easy access to the stairs when the lift is not in use.

With safety features including a retractable seat belt, overspeed governor and obstacle sensor system, you can count on your Savaria stairlift. Finished in soft white with an unobtrusive design, the K2 blends easily into your home décor.

# Savaria® K2 Stairlift

## K2 – STRAIGHT TO THE TOP

- Ultra slim folded size of only 275 mm – one of the smallest profiles on the market – to keep the unit out of the way when not in use
- Quiet and smooth-riding operation from the rack and pinion drive system
- Battery operated with built-in charging on the top and bottom of the rail so the chair can be used several times even through a power failure
- LED status lights to advise you of any issues
- Obstacle sensor system on the carriage and footrest to stop the chair if it meets an obstruction
- Swivel and lock seat at top landing for added stability getting on and off the chair
- Retractable seat belt with anti-slip footrest for safety and ease of use
- Fast installation means you can enjoy the benefits of your stairlift quickly
- Unit can be installed on either side of the stairs and includes 2 infrared (wireless) remote controls plus toggle switch on arm rest for easy operation
- Comfortable and durable seat with width-adjustable arms up to 508 mm wide and 159 kg capacity
- Options: continuous charge system, flip-up rail, seat swivel paddle, rail extension brackets to create no intrusion at top landing and emergency stop button
- **Optional outdoor package,** suitable for moderate climates, includes stainless steel rack and support legs, and zinc hardware for rust resistance; UV-rated, water repellent closed-cell foam seat with cover and sturdy clip seatbelt; RF remote controls; and upgraded continuous-charge system for reliable operation in variable temperatures

**Measurements vary based on rail angle:**

**A:** 551mm – 564mm
**B:** 424mm – 439mm
**C:** 119mm – 127mm
