MINI

EMAK MINI

EMAK MINI , Through-floor lifts are specifically designed to provide easy access between two floors in homes and buildings.

Mini elevator is compact and require less space compared to traditional elevators. They are ideal for homes with limited space, allowing for efficient utilization of available areas.

Technical Specifications

Power Supply	1 Phase - 1/N/PE 230 /240 V AC INVERTER
Application Area	Indoor Only.
Drive System / Control	Hydraulic Direct 1:1 Drive / PLC.
Rated Load	150 kg - Standing 1 Person
Rated Speed	Max. Speed 0,15 m/s.
Travel Height	Up to 3000mm*
Number of Stops	2 Stops Only.
Cabin Button Operation	Push and Hold Button
Hall Call Operation	Landing Calls Via Remote Control (LOP)
Cabin Door Configuration	8mm Glass Manual Swing Door. Left Hinged or Right Hinged.
Cabin Entrance Height	100mm
Landing Door	N/A
Emergency Lowering	Manual Lowering on valves
Power Failure Rescue	Battery Lowering system. Operated By Automatic for only Down Travel via UPS, Incase of Power Failure.
Compliance	Machine Directive 2006/42/EC
Certificate	Manufacturer Self "Declaration of Conformity" up to 3000 mm Travel
Safety Equipments	<ul style="list-style-type: none"> Integrated Rapture Valves on Cylinder Upper Roller Limit Switch Cabin Door Switch Contact Automatic Releveling Shaft Lid Trapdoor Cabin Upperpan Switches Cabin Underpan Switches Floor Level Monostables Door Open Buzzer
